

T&F Group is proud to announce its involvement in securing Mr. Bee Taechaubol's (a Thai businessman) acquisition of a 48% stake in AC Milan F.C. (Fininvest Group, owned by Mr. Silvio Berlusconi). Thanks to an increased presence in the Asian and GCC regions (UAE and Qatar), T&F Group has yet again demonstrated its ability to support global operations at the highest level.

The preliminary agreement, signed on 5 June 2015, enables Mr. Taechaubol to hold an exclusive relationship with AC Milan for an eight-week period. During this period Mr. Silvio Berlusconi will continue to be the President of the Football Club. Mr. Taechaubol and Mr. Berlusconi will be working closely in order to build an economic and sport project aimed at enhancing and marketing the AC Milan brand, particularly in Asian countries, so to become the biggest football brand worldwide.

T&F Group, in its capacity of advisor to Mr. Taechaubol, has held a major role in coordinating all parts and various aspects of the negotiations over the past few months.
